

## Instructions for applicants – login to the admission e-test

Dear Applicant,

you have applied for admission to your chosen faculty at the Czech University of Life Sciences in Prague. The admission procedure is conducted electronically in the form of online tests. This admission procedure is supported by two systems:

- Application portal (<https://prihlaska.czu.cz/en/>) – in this portal, you can pick up your login data to enter the E-admission system where you will take the admissions tests,
- E-admissions system (<https://e-prijimacky.czu.cz/?lang=en>) – in this system, you will take specific admission tests according to your submitted applications.

The procedure for taking the online admission tests is as follows:

1. Put the URL <https://prihlaska.czu.cz/en/> into your web browser.

2. At this address, you will find the **Application portal**. In the Login text box, enter your application number or your login (if you are already studying or have previously studied at CZU), and in the Password text box, enter your password. You received these login details (username and password) as part of the electronic submission application for studies in the CZU's IS system – <https://prihlaska.czu.cz/en/>.
